Cynthia Webner DNP,
CCNS, ACNPC-AG,
CCRN-CMC, CHFN

Drs. Karen Marzlin and Cynthia Webner have a combined 67 years of nursing experience in critical and cardiovascular care. As advanced practice nurses, they have managed hospitalized patients in the acute and critical care setting for many years and most recently managed patients with advanced heart failure in an outpatient Heart Failure Clinic. Karen and Cindy are co-authors of the book Cardiovascular Nursing Practice: A Comprehensive Resource Manual and Study Guide for Clinical Nurses. Both have been speaking nationally on a variety of cardiovascular, critical care and leadership topics for well over 15 years.

INSTITUTE OF CARDIOVASCULAR EXCELLENCE

Our mission is to provide you with the most comprehensive set of classes that will help you take your practice in the care of the cardiovascular patient to the next level. Nurses at the point of care, advanced practice nurses, and physician assistants can all benefit from this program.

We teach and write in a style that promotes understanding rather than memorization. We believe that understanding is the key to critical thinking and clinical decision making. We have a passion for the difference your care and decisions make in the lives of patients and their families. We teach knowledge and skills that will equip you to take your practice to the next level and impact the outcomes of the patients you care for. We each have a commitment to lifelong learning and we specialize in communicating complex concepts in a clear and meaningful way. We combine humor, energy, and creative teaching strategies to make our courses a memorable learning experience. Your professional spirit will be renewed as you learn, and you will be prepared to translate your new knowledge into impactful practice change.

We look forward to meeting you!

Karen and Cindy
